

LABL + EasyPost

Streamline Your Shipping Operations

LABL, a shipping and order management tool, saves e-commerce retailers time and money by offering a range of solutions such as label creation, package protection, real-time tracking, and returns management. With a range of solutions including label creation, package protection, real-time tracking, and returns management, LABL helps businesses automate and optimize their customers' purchase experience.

A Suite of Services to Address Your Shipping Needs

- **LABL Ship:** Create shipping labels and automate shipping processes with our advanced shipping order management system.
- **LABL Protect:** Safeguard products during transit with comprehensive package protection.
- **LABL Tracking:** Enhance visibility and delivery management through real-time package tracking.
- **LABL Returns:** Improve customer satisfaction with simple and efficient returns processes.
- **LABL Analytics:** Gain insights and data on shipping performance for optimization opportunities.

We started using LABL for our shipping operations and have been blown away by the platform's comprehensive features and ease of use. The LABL team has been incredibly helpful throughout the integration process and we have seen significant improvements in our shipping operation.

Seamless EasyPost Integration for Simple Shipping

LABL integrates with EasyPost to streamline and simplify the shipping process for its customers. EasyPost provides a range of features, including address verification, rate calculation, and label creation, that integrate seamlessly with the LABL platform. Customers can easily access these features through the LABL dashboard.

Trusted by Top Brands

DIME Beauty Co, JANE.com, G2G Protein Bars, Rockwell Time, and Roe Wellness are just a few of the thousands of happy customers who rely on LABL.

Success is Part of Their Culture

When you have 400 shipments a day you've got to ship, to do those individually would take forever. LABL just made that such a seamless and easy process. Not only did we save time, but we ended up saving thousands of dollars a month using LABL's discounted rates. It's been a lifesaver for our business.
